Developmental Medicine and Child Neurology

Volume 24 1982

INDEX

Authors and subjects of articles in the body of the journal are indexed together. Abstracts are included in the general index and listed under both subjects and authors, with '(abstr.)' at the end of the title. Letters to the Editor are indicated by the symbol '(L)'.

KEYS TO ISSUES AND PAGES

Issue	*Pages*	*Issue*	*Pages*
No. 1	1–138	No. 4	417–571
No. 2	139–277	No. 5	573–730
No. 3	279–416	No. 6	731–886

ABBAMONDI, A. L. *See* DI TREPANI, G., 880
ACCARDO, P. J. *See* CAPUTE, A. J., 314, 662
Achondroplasia, unexpected death of children with, after perinatal period, 489
ADAMS, C., JOHNSTON, W. P. and NEVIN, N. C.: Family study of congenital hydrocephalus, 493
AICARDI, J. and CHEVRIE, J. J.: Atypical benign partial epilepsy of childhood, 281
Aicardi's syndrome—an autopsy case (abstr.), 877
Alcohol and the fetus, 596
ALLEN, R. J. *See* COULTER, D. L., 634
ALLEN, V. *See* TANGUAY, P. E., 886
ALLING, C., SVENNERHOLM, L., HAGBERG, B. and WESTERBERG, G.: Serum fatty acid patterns in hereditary motor and sensory neuropathies (abstr.), 134
Alpha-l-antitrypsin protease inhibitor (Pi) phenotypes in Down's syndrome patients and their parents (abstr.), 878
ALS, H. *See* LESTER, B. M., 882
Altitude, and sudden infant death syndrome, 61
American Academy for Cerebral Palsy and Developmental Medicine, Annual Meeting, 1981: Report and Abstracts, 232
AMERICAN ACADEMY OF PEDIATRICS COMMITTEE: Psychotropic drugs in pregnancy and lactation (abstr.), 884
Aminoglycosides, infants treated with, head control and vestibular responses, 372
AMIR, N. and BERMAN, M.: Acute spinal cord diseases in childhood, 395(L)
Anaesthesia, obstetric, and newborn behaviour (abstr.), 882
ANAND, J. K., FELTON, D. J. C., HACKMAN, B. W., HUGHES-NURSE, J., SKEET, B. and TOOTHILL, C.: Blood lead levels of neonates, 89(L)
Anencephalus in the UK, prevalence, 394(L)
Angelman's syndrome, 198(L)
Anion gap test, CSF (abstr.), 884

ANNOTATIONS
Ataxia telangiectasia, 77
Blood platelets and neurological dysfunction, 697
Deafness, congenital, severe, genetics, 525
Epilepsy, childhood, duration of treatment, 84
Interferon for treatment of subacute sclerosing panencephalitis, 526
Mental handicap, severe, causes, 386
Motor development and performance of severely mentally handicapped people, 188
Moyamoya disease, 850
Neurosonology of the infant and newborn, 390
Reliability measures in developmental medicine, uses and abuses, 388
Remedial intervention for children with reading problems, current status, 183
Special school, rôle in the care of the dying child, 693
Speech and learning disorders in children with sex chromosome abnormalities, 80
Talking to young children, 856
Total hip replacement in young people with neurological disease, 186
Vertebral bodies, deformities, 692
Visual function in infants, assessment by evoked potentials, 853

Anoxia, fetal: cerebral, renal and splenic lesions, relationship to malformations, 510
Anti-acetylcholine receptor antibodies, anti-idiotypic route to, and experimental myasthenia gravis (abstr.), 878
Antibiotics, intraventricular application, in bacterial meningitis of the newborn (abstr.), 412
Anticonvulsant-induced status epilepticus in the Lennox-Gastaut syndrome (abstr.), 137
Anti-idiotypic route to anti-acetylcholine receptor antibodies and experimental myasthenia gravis (abstr.), 878
Antisocial behaviour and reading retardation (abstr.), 414
Aphasia
  children with, sex differences, 703(L)
  epileptic, in a 2½-year-old: temporary regression during language acquisition, 156
  following right striato-insular infarction in a left-handed child, 173
Arachnoiditis, spinal, chronic, in childhood, 798
ARNOLDI, B. S. *See* OLSON, L. C., 884
Arteriovenous malformations, spinal, in an infant, 380
Arthropathy with rash, chronic meningitis, eye lesions and mental retardation (abstr.), 567
Artificial food colouring in children with hyperactive symptoms, effects (abstr.), 271
Aspirin, maternal use, and neonatal intracranial haemorrhage (abstr.), 722
Ataxia
  acute cerebellar, of childhood, and intracranial midline tumours: CSF-protein patterns (abstr.), 274
  non-convulsive epileptiform activity appearing as (abstr.), 726
  telangiectasia, 77
Attention deficit disorder, children with, responses to methylphenidate and caffeine (abstr.), 724
  in 7-year-old children, 752
Auditory brainstem evoked responses in autistic children (abstr.), 886
  learning difficulties in children, association with middle ear effusion (abstr.), 132
Autism, auditory evoked potentials, in children (abstr.), 886
  diagnosis in early childhood: later cerebral lateralization (abstr.), 885
  infantile, and the temporal lobe of the brain (abstr.), 876
Autosomal dominant disorders with undetermined penetrance, risk counselling for (abstr.), 568
